

The SAA Book Now Available!

After many years and the labors of even many more members of the Fellowship, *Sex Addicts Anonymous*, the basic text of SAA, is now ready for ordering. After being approved, formatted, and designed by the Literature Committee, the book is now at the printer's with a delivery date to the ISO Office scheduled for about the middle of May.

Available in both soft and hard cover, the book will contain 336 pages. The first printing will total 2,000 soft cover books and 1,000 hard cover. At its meeting on March 19, the Board of Trustees approved a sales price of \$14.00 for the soft cover edition and \$18.00 for the hard cover. Orders can be made by check, money order, or credit card through the SAA store, <http://www.saa-recovery.org/store>, or you can call the ISO Office (800-477-8191).

In addition to setting the sales price for *Sex Addicts Anonymous*, the Board also approved a schedule for its distribution as follows:

1. The book will be introduced officially at the 2005 ISO Convention. Books sold during the convention will be the first ones to be delivered. Members who plan to be at the convention may order and pay for books in advance for delivery at the convention. Doing this will not only save time at the convention where sales traffic is expected to be high but will also save shipping fees and sales tax (except on orders originating from Texas). When ordering from the website store for delivery at the convention, be sure to note "for delivery at convention" in the comments section of the order form.
2. Books ordered and paid for by members and groups who will not be at the convention will be shipped immediately after the convention.
3. Members who participated in the 2002 Special Limited First Edition fund raising campaign will have their books mailed to them as soon as they are received at the ISO Office. Printing for these special editions is being done apart from the regular first printing.
4. A free soft cover edition of *Sex Addicts Anonymous* will be mailed to inmates upon their request.
