ISO policies on copyright and fair use, on use of ISO trademarks, and on linking to local web sites from the SAA sites have been updated through a joint effort of the ISO Literature Committee, the Information Systems and Online Presence Committee, and the ISO Board of Trustees.

These policies reflect principles in the Twelve Traditions of SAA. They are designed to help member groups carry the SAA message with clarity and consistency and to protect ISO resources.

These documents may be found at [www.saa-recovery.org/SiteMap](http://www.saa-recovery.org/SiteMap). They may be downloaded and printed. Note that linking to a local site from SAA is contingent on compliance with these policies.

**Local Meeting Member Contacts (Volunteers to answer calls & emails from newcomers)**

If possible, it is very helpful to have a contact name and number (or more than one) listed for referrals.  
If "List on web" is not checked, info will be given to callers, but not published on web.
